TL note: The TPP is the Trans Pacific Partnership, a trade agreement among twelve Pacific Rim countries that contains measures to lower trade barriers such as tariffs and establish an investor-state dispute settlement mechanism. In other words, it's convoluted and seriously affects Japan's and other countries' economies. Google it. :p.

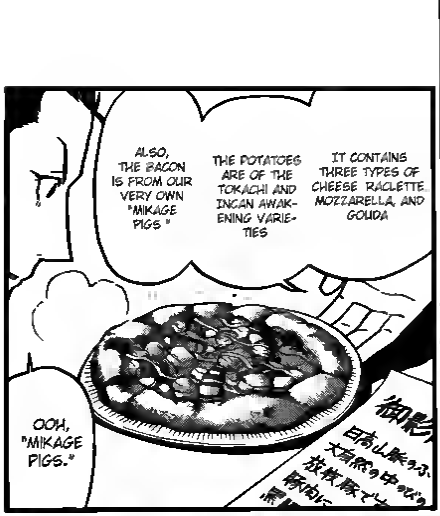
TL Note: In Japan, the ¥500 coin is the highest value coin currency (roughly $5), is larger in size, and admittedly quite satisfying to use.

WELL I THINK I'LL TAKE ONE THEN.
AND WE THOUGHT IT'D BE SATISFYING TO PAY WITH JUST ONE COIN *
WE MADE THEM SMALL SO THEY'D BE EASY TO EAT



ALSO, THE BACON IS FROM OUR VERY OWN "MIKAGE PIGS."

TL Note: It's kind of a common joke that in Japan, movie trailers for western films often over-exaggerate by saying "All of America cried!" in order to convince people to see the movie.
